PLEASE NOTE EXPERIENCE YOU HAVE HAD IN THIS AREA BELOW:

\*To serve on the Board of Directors, candidates must have had committee experience. Other than Finance which meets twice a year, all committees and Board positions are available to people who live at distances as we use conference calling and the Internet for committee input. The time commitment is not extensive and we would like a broad representation of alumni to serve the Association and membership. We welcome your participation. To become a committee member of this Alumni Association, interest and some knowledge about the area is preferred.

You may fax or mail this application. Thank you.
